WELCOME MESSAGE

LORRAINE KERR
MNZM, NZSTA
PRESIDENT

E ngā mana, e ngā reo, ngā rau rangatira ma - tēnā koutou, tēnā koutou, tēnā koutou katoa.

Yay - we're back and with bells on.

2021 will see the return of the highly valued PB4L Conference.

This year, the conference theme is: "Whakahauora, Whakaarorangi, Whakamanamana - Refresh, Refocus, Rejoice" and will be focused on reviving practices and processes that enhance PB4L and also celebrating the success of PB4L in schools and ECE services.

This year is the first year that we will have presentations from across the PB4L suite - School-Wide, Restorative Practice, Incredible Years - Teacher, Parent and Autism, Kaupapa Māori - Huakina Mai and Te Mana Tikitiki, and Check and Connect. There really is something for everyone. This is also the first year that we will run the conference as a face-to-face event, and as a virtual hui.

The New Zealand School Trustees Association (NZSTA) is honoured to be the lead partner for the 2021 conference and along with the PB4L conference team have put together an exciting programme. Our keynote addresses will be from a mix of New Zealand and international speakers. We welcome Minister Jan Tinetti, Ngahi Bidois, Ian Taylor, Tim Lewis (coming to us virtually) and Kathryn Berkett as our experts who will set the scene, and challenge and encourage us on our PB4L journey.

We would encourage you to think about sending a team of personnel from your school or ECE service, so that this professional learning opportunity can have maximum impact on the practices that have most meaning for you.

We are excited about the potential that the 2021 PB4L conference has to help improve practice and look forward to the energy, innovation and excitement that the event will bring.

On behalf of NZSTA and the PB4L conference team, we very much look forward to you joining us in August for two days to Refresh, Refocus, and Rejoice.

Ngā mihi mahana ki a koutou katoa.

Lorraine Kerr MNZM
President - NZSTA

KEYNOTE SPEAKERS

MINISTER JAN TINETTI

Jan is a list Member of Parliament based in Tauranga. She was born in Hokitika and grew up rurally on the outskirts of Christchurch. Jan attended Villa Maria College before graduating from Christchurch College of Education with a Diploma in Teaching (Primary) and the University of Canterbury with a Bachelor of Education. In 2016 she graduated from the University of Canterbury with a Master's in Education with First Class Honours.

Jan pursued a career in primary school teaching which saw her working in schools in Invercargill and Greymouth before embarking on a career as a school principal. Over her 20 years as a primary school principal, she led across four schools across Southland and Tauranga.

Jan's last position as principal before entering politics was Merivale School, Tauranga's sole decile 1 school. Throughout her career in education, she has fiercely advocated at a national level for equal educational opportunities. After seeing families struggling in her local community, she has campaigned for them to access everything they need to thrive.

Jan's entry into politics stemmed from her belief that the Government has a role to play in ensuring all New Zealanders have access to the services they need to help them to be the best they can be.

Jan is currently the Minister of Internal Affairs, Minister for Women and Associate Minister of Education.

DR TIM LEWIS

Dr. Tim Lewis has been involved in special education for 35 years. Dr. Lewis has taught students with emotional and behavioral disorders in high school, elementary, and self-contained psychiatric settings. At present, Dr. Lewis is a Curators' Distinguished Professor of Special Education at the University of Missouri. Dr. Lewis is past Co-Editor of the journal Behavioral Disorders, Associate Editor of the Journal of Positive Behavioral Interventions, and a member of 13 editorial boards. During his 30-year career in higher education Dr. Lewis has served multiple terms as department chair and associate dean for research. Dr. Lewis has been involved with developing school-wide systems of behavioral support for over 25 years. He has worked directly with school teams around the world, secured over \$80 million in grants to support his research and demonstration efforts, and is a frequent contributor to the professional literature examining various aspects of Positive Behavior Support. Dr. Lewis directs the University of Missouri Center for School-wide Positive Behavior Support, is Co-Director of the national OSEP Center for Positive Behavioral Interventions and Supports and former Co-Director of the Center for Adolescent Research in Schools. His specialty areas include social skill instruction, functional assessment and proactive school-wide discipline systems.

NGAHIHI O TE RA BIDOIS

Inspirational, authentic, awesome, entertaining, and informative are words used to describe The Face of New Zealand - Ngahihi o te ra Bidois, international leadership speaker, master of ceremonies, author, academic and leader.

A multi-award keynote speaker, Ngahihi is a recipient of the National Professional Speakers Association of New Zealand Speaker of the Year, Inspirational Speaker of the Year Awards, Master of Ceremonies of the year, and others.

Ngahihi holds a master's degree in education (with honours), a business degree in marketing, a teaching diploma (secondary), a tourism qualification and a certificate in company direction. He is a leader of multi-million-dollar organisations, a tribal leader, an entrepreneur, a director on various boards and an author.

In this presentation Ngahihi will outline keys to help you to engage, enable and empower the most important person you will ever lead - namely ... yourself!

Ngahihi believes that leadership starts with the person in the mirror and refers to ancient wisdom from his Māori culture and others as modern solutions for you.

SIR IAN TAYLOR

Ian's back story is a fascinating journey, from growing up in a house without electricity in the 1950s, to being part of a company recognised globally as being at the leading edge of technology and innovation.

A former television presenter for TVNZ children's programmes like Play School, Spot On, and New Zealand's Funniest Home Videos, his very public life started when he joined the band Kal-Q-Lated Risk in 1967 as lead singer. After a stint in the army in the 1970's Ian went on to complete an LLB degree from the University of Otago before setting up Taylormade Media, a television production company in 1989.

The following year he established Animation Research Limited, which quickly became one of the top computer animation companies in New Zealand and known internationally for its work, particularly in television advertising and sports graphics.

Its sports division, 'Virtual Eye', provides award winning graphics globally across a wide range of sports. This year marks almost 30 years since they developed the first graphics for The America's Cup back in San Diego in 1992. In 2014 they won a prestigious Sports Emmy for "Outstanding New Approaches to Sports Coverage," and they have been recognised by the New Zealand Hi Tech Trust with a special "Life Time Achievement Award."

At personal level, Taylor was inducted into the New Zealand Technology Hall of Fame in 2009 and was named North & South Magazines 2010 New Zealander of the Year. He was awarded an Honorary Fellowship of the Institute of IT Professionals (HFITP) in 2010 (under its former name New Zealand Computer Society), the top honour of the tech sector in New Zealand.

In the 2012 New Year Honours, Taylor was appointed a Companion of the New Zealand Order of Merit for services to television and business. In 2013 Taylor was named Outstanding Māori Business Leader of the Year.

On 13 February 2019, Taylor was named Innovator of the Year at the annual New Zealander of the Year Awards. Awards organisers cited Taylor's business intuition and expertise as an exemplar of innovation in New Zealand.

In 2020 Taylor was named the Deloitte 200 "Visionary Leader of the Year."

What fewer people may know is that it hasn't all been plain sailing.

KATHRYN BERKETT

Kathryn Berkett has dedicated 22 years of her education and career to helping children and youth who have experienced trauma. Holding a Masters in Educational Psychology and certification as a Neurosequential Model of Therapeutics Practitioner, Kathryn now uses her experience to train others and to develop interventions that assist reparation of the physical and psychological aspects of the brain that have been impacted. Knowing that trauma can produce emotional, behavioural and physical outcomes, she is passionate about sharing this information to as many sectors as possible.

She trains and works with national and international organisations such as Police, schools, parents, sports teams, mental health professionals and corporate offices. Through helping others to better understand Neuroscience, Kathryn is able to guide them in learning more about themselves and others, which not only leads to being more aware and in control of their own actions, it also builds the crucial attribute of resilience that we all need to live in a connected, healthy, community. Outside of her career, Kathryn raises her two adolescent children - something that reminds her every day that this information is real and extremely useful, but that we also remain fallible humans, no matter how much knowledge we have!

PB4L LEADERSHIP - A SCHOOL'S LEADERSHIP APPROACH TO ENSURING PB4L IS SUCCESSFUL AND SUSTAINABLE

Aberdeen Primary School has been on the PB4L journey for the past three years. The Board of Trustees Chair, Principal (Lesley Lomas), PB4L Leader (Lesley Pogai) and PB4L Lead (Huong Vu) will outline their specific roles and responsibilities, the impact of deliberate resourcing, as well as their successes and challenges. This workshop will identify ways the school has prioritised PB4L and continues to support and ensure it is the foundation of school culture. We will examine ways of initiating, learning, embedding, and sustaining PB4L School-wide.

RESTORATIVE PRACTICE - PB4L RESTORATIVE PRACTICE

Restorative practice (RP) is a relational and inclusive approach to school life grounded in beliefs about equality, dignity, mana and the potential of all people. RP has proven to be an effective strategy for increasing the wellbeing and learning achievement of all children and young people, including those within Māori, Pacific and other diverse communities. This interactive workshop will provide an overview of the work being implemented by over 350 schools nationwide (in primary, intermediate, secondary, kura, kāhui ako) in restorative practice. The PB4L RP model includes three key interrelated components: Restorative Essentials (restorative practice in everyday interactions), Restorative Circles (to build and develop strong learning communities) and Restorative Conferences (respectful ways to repair harm and restore relationships). This workshop will share how it links to and can complement PB4L School-wide and build on existing RP work in your school, that strengthens the relational culture and wellbeing across the learning community.
